Subject: Notes!

Hi all –

Thanks for a great conversation yesterday. Again, another helpful dialogue to keep this project moving forward.

I have posted notes from our meeting here. I have also included some notes from previous meetings regarding the discussions we've had on reasonable assurance. We'll circle back on this topic again, too.

Finally, I've attached to this email a series of maps showing DO depletion by individual source groups. Please let me know if you have any questions.

Best,

Leanne
